To make up:

Sew the head so that it sits level on the top of the body (the fastened off part of the head joining with the fastened off part of the body.)

Sew the two wings to either side of the body making sure they sit to the sides and are level in height. (The point of the wings should be facing downwards.)

Sew the orange beak to the front of the head making sure it is central and level. The beak should sit in the middle but lower part of the head.

Sew the two orange feet to the bottom of the body so that the feet stick out slightly at the front.

With black wool embroider the eyes so that they sit central above the beak. Leaving and approx. finger width space between the two eyes.
